

ATTENTION ALL HANDS:

The Parris Island Education office has been getting numerous calls asking if we're still in the old IPAC building (# 923) since IPAC moved out. We'd like to let everyone know that we are still here, and open from 0730-1630 M-F. We are in the far end of building 923. Students cannot enter from the construction end of the building but can get in at the opposite end, on the 6th district side. Relocation, Transition Assistance, the Distance Learning Center (LRC), and Family Member Employment are also located in this end of the building, as well as our local college representative.

For any additional information, please contact:
