

Learn More. Accomplish More.

Through Graduate Studies at Wheelock College.

At Wheelock College, we're all committed to accomplishing more for children, families, and communities — around the country and the globe. If you share that commitment, and are interested in teaching elementary school, our renowned Elementary Education master's program — offered in Beaufort, SC — may be right for you.

Master of Science in Elementary Education (1-6) for initial licensure*

Offered at our Beaufort, SC location.

The cohort begins January 2008

Initial classes begin September 2007

- Earn your licensure to become an elementary school teacher.
- Learn with a faculty who combine research and real-world experience in elementary education.
- Experience a curriculum that emphasizes a commitment to equity in a multiracial and multicultural society, working in partnership with families, fully integrating children with special needs into the learning environment, and collaborating with community agencies
- Earn your master's degree close to where you live or work.
- No GRE required.
- Financial Aid available for those who qualify.

For more information or to apply, please contact the Office of National and Regional Programs at 800.734.5212, x2311 or visit us online at www.wheelock.edu/sc/index.asp.

*Wheelock College is accredited by the National Council for Accreditation of Teacher Education (NCATE), and the elementary program is reviewed for national recognition by the Association for Childhood Education International (ACEI). Graduates of the master's program apply independently to The South Carolina Department of Education for licensure, having completed the required Praxis tests as part of the program. Graduates who spend a summer in Boston and complete a practicum in Massachusetts, and have passed the Massachusetts Tests for Educator Licensure, are eligible for institutional endorsement for Initial Elementary Teacher (1-6) licensure in Massachusetts.
